

THE GENERAL GAZETTE

FACEBOOK + TWITTER

Concord General Services is now actively using [Facebook](#) and [Twitter](#)! Be sure to visit and follow us @ConcordNHGS for updates on road work, trash holidays, videos, and more.

NEW YOUTUBE VIDEO

Concord General Services has a new YouTube video, "[How To Read Your Water Meter](#)," starring Water Conservation Technician, Josh Worthen. Be sure to watch, like, subscribe, and share!

PHOTO CONTEST

The City of Concord's contracted trash and recycling vendor, Casella, and Concord General Services are searching for two photos that best represent Concord. Each photo will be printed on both sides of a Casella truck. We have designed a third truck with the Concord Clock Tower.

What can you come up with?

For official rules and to apply, visit our website:
www.concordnh.gov/generalservices.

CASELLA CHANGES

Casella has been using split-body trucks to collect both trash and recycling at the same stop on their curbside collection routes. Trash and recycling are still being sorted and this method has been allowing for quicker service. We kindly remind everyone who has curbside collection to place their trash and recycling curbside no later than 7:00am.

All recycling and trash containers in the Downtown Solid Waste District have been replaced with new containers and new Casella stickers. The new containers bring a fresh and clean

look to Concord that will help beautify our downtown disposal locations.

CONGRATULATIONS

Congratulations to Concord General Services' Business Manager, Jeff Hoadley! He completed his master's degree from Granite State College for Project Management! **Way to go, Jeff!**
