The Concord Skate Park Association was formed in 2021 to partner with the City of Concord's Parks & Recreation department in the funding and building of a new world class skate park for residents and visitors of Concord, NH. This park would offer a fun, safe, and usable recreation space for all. The skatepark would constitute Phase 1 of the (CIP60) Kiwanis Riverfront Park project.

## Please join us in our fundraising efforts!

The cost for the skatepark is estimated at \$1.8 million. We've made great progress as the City has already secured a \$500,000 Land and Water Conservation Grant. As part of the grant requirement, there needs to be an exact match in donations. Now, we are calling on you, our community, to help us in achieving our first goal of \$500,000. All funds collected will be donated to the City of Concord for the construction of the new skatepark and associated costs. With your generous support, we can make this new park a reality!

Your contributions will make a significant impact in helping to provide a safe, fun, and welcoming space for our community. Together, we can achieve this goal and create a lasting legacy for future generations.

## Sponsorship Tiers

Similar to other Capital Improvement Projects involving private donations the City of Concord has created a dedicated non-lapsing account for donations for constructing the new skateboard park. If you prefer to donate directly to the Parks and Recreation Department for this project please email Parks and Recreation Director David Gill at [dgill@concordnh.gov](mailto:dgill@concordnh.gov)
